gabe@morton-cook.com | 651.263.7900

I'm a digital product designer with a background in web development and user experience design.

I have over 15 years of experience and am seeking an impactful role working on digital products that make a positive impact in the lives of real people.

## What I do best:

- Interactive prototyping in Figma or HTML/CSS/JS
- User journeys and task flows (experience architecture)
- Creating, supporting and extending design systems`

## Past experience:

2020 - Current  
Charles Schwab  
*Senior Manager: UX*

I returned to Schwab in 2020. Currently leading design for a new product aimed at high net worth clients within a wealth management offer.

2018-2019  
FutureDraft  
*Design Lead (Freelance)*

Worked in partnership with the FutureDraft agency to guide product teams in the healthcare, finance and energy spaces through collaborative design processes from identification and ideation through concept and prototype creation, user testing/iteration and development support.

2012 - 2018  
Charles Schwab  
*Senior UX Designer*

Led design for many of Schwab's most highly-used and business-critical client tools on web including accounts summary, positions and trade ticket. My main focus in this role was responsive & adaptive web applications.

2006-2012  
WhereToLive.com  
*Design Lead*

Principal designer for multiple versions of the company's online real estate platform: data-rich customer facing desktop and mobile websites and a back office and CRM system for use by agents and brokers.
